

**COMMUNITY-SUPPORTED BAKERY**  
**Winter 2009-10**

This winter the Backdoor Bakery will offer customers a share in its Community Supported Bakery (CSB). Borrowing from the concept of community supported agriculture, consumers and the Bakery join together in economic partnership in a CSB. In this partnership, consumers purchase a "bakery share" – a weekly basket of quality pastries and breakfast staples – and the Bakery has a reliable and stable market for its products. We hope to have one weekly pick-up at a Richmond location; Huntington pick-up is at the bakery.

# COMMUNITY-SUPPORTED BAKERY

## Winter 2009-10

This "season" for the CSB will run for 12 weeks, from November through February (with breaks for holidays). We offer both **design-your-own** and **let-the-baker-decide** shares. For the design-your-own, you can select the product(s) you want, each available in "parcels" valued at \$72 (\$6.00 per week) - select the parcels you want to fill your basket; any combination is welcome. Or you can let me create a unique basket for you each week. **Space is limited**, so please complete the form below and return it with your payment to the Backdoor Bakery. Thanks for your support.
